PAKISTAN JOURNAL OF SCIENTIFIC AND INDUSTRIAL RESEARCH

Volume 41 SUBJECT INDEX 1998

A

Acetic Acid, Kenaf delignification by 235
Acid phosphatase from chicken liver 264
Additive processing effect on natural rubber 281
Allium sativum essential oils, aroma constituents of 240
Amino acid effect on adsorption of direct red dye on cellulose fibres 145
Ammonium sulfate-sulphur mixture as a slow release fertilizer 113
Amorphous silica preparation from rice husk 312
Antiulcerogenic agents: synthesis of new benzimidazoles and benzotriazoles 63
Antiemetic action of *Nelumbium speciosum* 203
Antiulcerogenic evaluation of *C. intybus* and *P.emblica* 92
Aroma constituents of essential oils of *Allium sativum* 240
Ascomycetous fungi from Northern Pakistan 244
Azo dyes and analogues, synthesis and electronic absorption spectra of 242
Azolla, N and P effect on rice yield 32

B

Bangladesh boro rice cultivars of Haor area 208
Bangladesh, crop yields and losses due to weed competition in 318
Benzimidazoles, synthesis of 63
Benzotriazoles, synthesis of 63
Bivalent metal ion complexes with DAHP 128
Boll rot, Okra leaf shape effect on 36
Boro rice, effect of cultivars and weeding regime on performance of 208
Bovine stomach, fancy leather from internal membrane of 23
Buffalo calves, effect filter cake and seed cake on weight gains of 290
Buildings of Lahore, Radon concentration in 290
Butyl acrylate-co-CR polyblends 1

C

Carangidae eggs near Karachi harbour 256
Carding of low grade jute fibre for improvement 107
Catla catla growth and inorganic elemental concentration 247
Cellulose fibres, amino acid effect on adsorption of direct red dye on 145
Ceramics, feldspar incorporation in 225
Charge carriers in pyrrole based conducting 167
Chicken liver, acid phosphatase from 264
Chlorinated rubber and n-BA-Co-EA 1
Chromium - dicarboxylic acid tetraazamacrocyclic dienes mixed ligand complexes 221
Chichorium intybus, antiulcerogenic evaluation of 92
Citrullus vulgaris, fatty acids in triglycerides of 68
Clay: DG Khan fuller earth activation with HCL 132
Colletotrichum lindemuthianum, monosaccharide composition of elicitor from 271
Constant interfacial area stirred technique for manganese extraction from D2EHPA-Kerosene system 121
Copolymerization of monomers without free radical intiators, Q-e values for 295
Copolymerization of n-BA and EA 1

Copolymerization properties modification with CR 1
Copper ores of Chitral, leaching of Copper from 139
Coprophilous fungi from Northern Pakistan 244
Corm yield of Gladiolus, harvesting time effect on 199
Cotton seed cake effect on weight gain of buffalo calves 28
Cotton roots, ion efflux in 303
Cotton seeds, pesticide effect on food constituents of 275
Cotton, elite hybrid screening 260
Cotton, heterosis and combining ability effects in 54
Cotton, heterosis in 260
Cotton, Okra leaf shape effect on boll rot and yield of 36
Crop yields and losses due to weed competition in Bangladesh 318
Cystein oxidation by iron complexes, kinetics of 71

D

D2EHPA-kerosene system, kinetics of manganese extraction by CIAS cell technique from 121
DAHP mixed ligand complexes with bivalent metal ions 128
DG Khan's fuller earth activation with HCl 132
Diaminobenzene tetracetic acid complexes with transition metals 17
Dielectric properties of petroleum and admixtures 86
Diffusivity of ammonium sulfate-sulfur mixture 113
Direct red dye adsorption on cellulose fibres, effect of amino acids on 145

E

Elemental analysis versus growth of *Catla catla* 247
Elicitor from *Colletotrichum lindemuthianum*, monosaccharide composition of 271
Engraulidae eggs near Karachi harbour 256
Epoxide effect on UV degradation PVC 75
Essential oils of *Allium sativum*, aroma constituents of 240
Ethyle acrylate-co-CR polyblend 1
Euphorbia helioscopia, lupeol from latex of 6

F

Fatty acids in triglycerides of *C. vulgaris* 68
Feeds: effect of cotton seed cake and filter cake on weight gains of buffalo 28
Feldspar incorporation in glass and ceramics 225
Fertilizer (NP) and irrigation effect on maize yield 195
Fertilizer, ammonium sulfate-sulphur mixture as a slow release 113
Fertilizer: N,P and *Azolla* effect on rice yield 32
Filter cake effect on weight gain of buffalo calves 28
Fish eggs (Engraulidae and Carangidae) near Karachi harbour 256
Food sorption isotherm, economic 111
Fuller earth activiation with HCl 132
Fungi, ascomycetous; from Northern Pakistan 244

G

Gladiolus cultivars, harvesting time effect on corm yield of 199
Glass composition of Selenium ruby glasses 136
Glass, feldspar incorporation in 225
Ground water irrigation effect on soil chemistry 11

H

Harvesting time effect on corm yield of Gladiolus 199

Heteroaromatic compounds:See "Pyrido-pyridines 81
Heterosis in cotton 260
Heterosis in cotton 54
Hibiscus sabdariffa delignification by acetic acid 235
Hydrofluoric acid, kinetis of ilmenite dissolution by 175
Hydrothermal crystallization of ∝-SiO_2 from rice husk silica ash 312

I

Ilmenite dissolution by HF, kineties of 175
Industrial application of Pakistan magnesite 57
Inorganic elemental analysis versus growth of *Catla catla* 247
Insecticide; Baythroid, inhibition of nitrification in soil by 212
Ion efflux in cotton roots 303
Iron (impurity) leaching from rock phosphate 116
Iron complexes effect on cystein oxidation 71
Iron extraction and determination in thiocyanate system 217
Iron-dicarboxylic acid - tetraazamacrocyclic dienes mixed ligand complexes 221
Irrigation and NP fertilizer effect on maize yield 195

J

Jute fibre, enzymatic improvement of low grade 107

K

Karachi, vehicular contribution to noise pollution in 186
Kenaf delignification by acetic acid 235

L

Lahore, radon concentration in old buildings of 290
Lanthanum chloride, solution, viscosities of 229
Layers, rapeseed effect on growth and out put of 97
Leaching of copper from copper ores of Chitral 139
Leather from internal membrane of bovine stomach 23
Legume and non-legume cropping system, wheat stand establishment in 298
Local thermodynamic equilibrium, deviation in thermal plasmas from 285
Lupeol from *Euphorbia helioscopia* 6

M

Magnesite deposits of Pakistan, geochemical characterization of 57
Magnesite of Pakistan, industrial applications of 57
Magnesium (impurity) leaching from rock phosphate 116
Magnesium carbonate, reactor designing for (light weight) 190
Maize yield, NP doses and water effect on 195
Manganese extraction by CIAS cell technique from D2EHPA-kerosene system, kinetics of 121
Marble powder, thermal conductivity measurement of 164
Methyle methacrylate, Q-e parameter estimation of 295
Monosaccharide composition of elicitor on *Colletotrichum lindemuthianum* 271
Mutagen, detection of nitrofurantoin 102
Mutator R-plasmid for detection of nitrofurantoin as a mutagen 102

Mycoflora of NWFP vegetables, seed-borne 47

N

Nelumbium speciosum, antiemetic action of 203
Nematicide for control of betelvine nematodes 307
Nematodes in betlevine and control by nematicide 307
Nickel dicarboxylic acid - tetraazamacrocyclic dienes mixed ligand complexes 221
Nitrification inhibition in soil by Baythroid insecticide 212
Nitrofurantoin as a mutagen, detection by mutator R-plasmid of 102
Noise pollution in Karachi, vehicular contribution to 186
N-serve versus Baythroid as nitrification inhibitors 212
Nutritional value of *Tamarindus indica* 310

O

Okra leaf shape effect on boll rot and yield 36
Optical emission spectroscopy study of deviation from LTE in thermal plasmas 285
Organo-chlorine and organo-phosphorus effect on food constituents of cotton seed and wheat 275
Oxidation Kinetics of cystein, effect of iron complexes on 71

P

Papaya juice, proteolytic activity of 151
Paramagnetism in pyrrole based conducting plymers 167
Pesticide effect of food constituents of cotton seed and wheat 275
Petroleum and admixtures, dielectric properties of 86
Photosynthetic efficiency of wheat under water stress conditions 156
Phyllanthus emblica, antiulcerogemic evaluation of 92
Phytosociology of Attock, Pakistan 251
Pollution : vehicular contribution to road traffic noise in Karachi 186
Polymers, paramagnetism and charge carriers in pyrrole based conducting 167
Polyvinyl chloride, epoxide effect on UV degradation of 75
Poultry; rapeseed meal effect on growth and out-put of layers 97
Power system dynamic stability subsynchronous resonance impact on 180
Proteolytic activity of papaya juice 151
Pyrethroid effect on food constituents of cotton seed and wheat 275
Pyrido-pyridines and pyridazines, synthesis of new 81
Pyrrole based polymers, paramagnetisn and charge carriers in 167

Q

Q-e parameter estimation of methyle methacrylate 295

R

Radon concentration in old buildings of Lahore 290
Rapeseed meal, effect on growth and out-put of layers 97
Reactor designing for production of light weight Mg_2CO_3 190
Rice husk silica ash, hydrothermal crystallization of (-SiO_2 from 312
Rice yield, N, P and Azolla effect on 32
Rice, boro; effect of cultivars and weeding regime on performance of 208
Rock phosphate, leaching of impurities from 116

Rubber, processing effect on natural 281

S

Salinity, sorghom response to NaCl 50
Seed-borne mycoflora of vegetables of N.W.F.P 47
Selenium ruby glasses, effect of Al_2O_3 and B_2O_3 on 136
Signal glasses:effect of Al_2O_3 and B_2O_3 on selenium ruby glasses 136
Silica from rice husk, hydrothermal crystallization of 312
Slimming diet, evaluation of 39
Soil Chemistry, ground water irrigation effect on 11
Sorghum response to NaCl salinity 50
Sorption isotherm of food by an inexpensive method 111
Spectra, electronic absorption, of Azo dyes and their analogues 244
Subsynchronous resonance impact on dynamic stability of power system 180-185

T

Tamarindus indica, trace elements in 310
Thermal conductivity measurement of marble powder 164
Thermal plasmas, deviation from LTE in 285
Titanium extraction and determination in thiocyanate system 217
Trace elements in *Tamarindus indica* 310
Transition metals; titanium and iron extraction and determination in thiocyanate system 217
Triglycerides fatty acis in C. vulgaris 68
Triterpenoid from *E.helioscopia* latex 6

U

Ultraviolet degradation of PVC, epoxide effect on 75
Vegetables of NWFP, seed-borne mycoflora of 47
Vegetation of Attock, Pakistan 251
Viscosity coefficients of lanthanum chloride solution 229

W

Water stress conditions, photosynthetic efficiency of wheat under 156
Weight reducing diet, evaluation of 39
Wheat stand establishment in legume and non-legume cropping system 298
Wheat, pesticide effect on food constituents of 275
Wheat, photo-synthetic efficiency under water stress conditions 156

X

Xylanase for improvement of low grade jute fibre 107

Y

Yields of crops and crop losses due to weed competition in Bangladesh 318
